

For sale are a set of genuine BMW Cycle Lifts (the twin cycle model) -

Part No 82 72 9 407 932

They are brand new and still in the box. I bought these for my wife's car however she prefers the towbar mounted carrier previously used and hence they've never even been out of the box except for pictures. Instruction booklet and all fittings are included naturally. These will fit E8X, E9X, E6X and F07 models but if in any doubt please check with your dealer.

Cost £398.00 from BMW in July - Looking for £300.00

Also for sale are a set of genuine BMW lockable roof bars -

Part No 82 71 0 403 104

Again, brand new as bought at the same time as the cycle hoists. Still boxed and supplied with the unused fitting kit, instructions etc. These bars are the specific fitment for E87 and E90 models.

Cost £162.00 from BMW in July - Looking for £100.00

Will sell both items together or happy to split.

Located near Glasgow but can of course post at additional cost or willing to travel a reasonable distance to suit buyer.

If you have any questions please drop me a line or PM.

Cheers.
